

## THE LOW-DOWN ON PATMOS PARK

Shore Fellowship Church is building a supervised recreation park for skateboarders, BMX bikers, and inline skaters. EHT is a growing community with lots of young people who would use and enjoy Patmos Park. The Park will provide a FREE, safe environment with positive messages. Regular activities will include skate and bike events, movie nights, concerts, and more. Shore Fellowship Church has generously allocated a portion of its 32+ acre property to the project. Permits should be approved shortly and we hope to break ground this spring. Donated labor and materials have allowed us to save over \$500,000 in design and construction costs. We hope you join us in our efforts to raise the remaining \$40,800. In appreciation of your tax-deductible contribution, **your name will be placed on the Welcome Center sign at the park entrance.**

Our first JAMFEST held in November 2005, brought out 1,000 kids and so did the second JAMFEST held in May 2006, from NJ and surrounding states. This demonstrated the need for the kids to express themselves in a drug-free environment and the need for this kind of facility.

The JAMFEST events had sponsors such as Chik-fil-A, Element, Girl, Hoffman, 7th St. Surf Shop, Antics, Center City Sports, Red Bull, WaWa, Home Depot, Target and many others.
